Warren Jones North Clover Street
Constantine Kazolias-47 Noxon Street

First kudos to the cops for their response in quelling a neighborhood disturbance on Nixon Street when 7 police cars respond a and within 20 mi notes the street was quiet again CONTRARY, to sending one patrol car answering the mob scene created by then after school MS students.

I take exception to the cities WAITING 20 minute rule to have an unauthorized car removed in the HVNEWS article FYI, in 20 minutes; prostitution, drug sales, drug taking. Gun shots, stolen cars, all the above has taken on place on my lot, in 20 minutes, policing the area not to toll the lot would be considered a nuisance property subject toll city confiscation. The city a two tier towing rate schedule which the city has no truck. Calling a tower on the list the city rate is \$225.00. The other rate is for private towing is \$85.00 why the discrepancy? Plus we don't want to discuss the discrepancies on the cities towing policy!!

After reading the NYTIMES article about the city of Poughkeepsie which the city leaders are cognizant gives credence that the city is ready to bloom again and be called the Queen city. The two Kosovo buildings under construction next to their restaurant, this time the city gets the building tax ratable not as in the past we in the town get bldg. and the city got the parking lot, Thank you Collette. The hospital, under construction. The proposed squeeze play by two developers for the city own C etherize Street parking lot. To. One expanding

his holdings the other a carpetbagger CANNOT HAV E TWO.
There is a developer to who bought the N E corner located at
Mill and Market Streets for development. Buildin g new
eliminates the phase is a plus, compared to those who renovate
old existing city building in the core area which should get city
help through a one ten year nonrenewable pilot along with
state grants and investment t capital. With then city \$11 million
negative fund balance and the school district blew Dr Williams
\$14 MILLOLN fund balance and now is hurting both financially
and otherwise. IN CONCLUSION THE CITY BOTH SCHOOL AN D
CITY CANOT AFFORD TO GIVE AWAY TAX SUBSIDIES TO THE
RICH WHICH IS ROBIN HOOD IN REVERSE.

William Smith-42 Columbia Street

Common Council meeting for July 1,2019

The Common Council and this Administration are not putting the City of Poughkeepsie residence first. I have good news for the residence Vassar Brothers and Health Quest medical center will not connect to Hudson Valley Community Power System. Ask yourself the [reason]. If you listing to 1450 AM on the radio June 24, 2019 it was announce by the Common Council who passed this [PONZI SCHEMER]. We all want clean energy.

I would like this page be put in the July 1,2019 minutes

Earl Brown- Merritt Road

Jeff Aman- 5 Barnard Avenue

Laurie Sandow- South Grand Avenue

Laura Foreman- 66 Washington Street

Saturah Brown-

VI. CHAIRWOMAN'S COMMENTS AND PRESENTATIONS:

Chairwoman Finney- Later this evening we will be voting on a budget resolution, which was submitted to us last at our last meeting and tabled for a series of mid-year budget amendments, which were discussed I believe that the last meeting. And we'll become part of the record. They are increases of \$150,000.00 in expected revenues from the code enforcement. Actually I will walk this through when I introduce it.

The second comment is that we had tentatively scheduled a communication regarding discussions with the Bow Tie Cinemas group and that communication will not be given this evening. The parties are continuing their discussions and exchange of information.

VII. MAYOR'S COMMENTS:

Mayor Rolison- I wanted just to start tonight with the good news of the air conditioning, which I think we can all feel. That was brought back online yesterday. We had our contractors on site, they've been here working 12 hours a day, and work through the weekend, and then we brought in the electricians to fire up the units so to speak. And it seems to be working fine. I just want to

Official Minutes of the Common Council Meeting of July 1, 2019

say, and I want to thank the previous council and also this one too. Since 2016, we have completely rebuilt and replaced, actually replace not rebuilt the heating ventilation and air conditioning system in City Hall, which had been neglected for years, and have spent approximately \$838,000 on two new boilers and the air handler on the roof, and now the chiller which is in the downstairs in the basement. We've also replaced all of the controls within the building, because they did not work at all. We were unable to regulate the heat or the air conditioning. The only thing that's really left to do now is balancing and coordinating the system. The chiller, which is downstairs was purchased and installed 46 years ago. That's how long that has been here. It was only supposed to last I guess, 20 to 30 years, and we got more out of it. And again so we're where we're in pretty good shape and I want to thank everybody including my colleagues here for you know putting up with it during the meetings

So up and running, our pools are up and running again. We spent a good amount of resources financially, on Pulaski Pool at the end of last year we spent \$375,000 resurfacing the pool, and we had a pretty good weekend. Everything jumped off at 1:00 on Saturday and we had approximately 640 swimmers Saturday and Sunday at both pools, and I want to just thank the Department of Public Works. They were there late on Friday making sure that all of the systems were working, and the Health Department came late on Friday afternoon and inspected everything and then gave the blessing for the opening. So we're looking forward obviously to a great season there at both pools and we will be also looking to do additional repairs as far as some of the pool houses and different aspects that also need to be addressed.

Last week we held our second public forum on the YMCA at Christ Episcopal Church over on Carroll Street. Reverend Susan Fortunado opened it up and was the host for the event, was very well attended. I want to thank John Penny, and my colleague Paul Hesse and City Administrator, that were there to answer questions and make comments on how that is moving along, and it is it is moving along as far as our communications with different people who are interested in it. And we're going to compile all the questions that we got at both events and have answers to that and they'll be up on the website and social media.

We had over the weekend a kind of jump around a little bit. We had the Poughkeepsie High School Graduation at the Civic Center which was just spectacular over 200 graduates walked across that stage. One of them is actually here tonight. I want to introduce you to, and that is our new intern, who is working here on the 3rd floor with me and John Penny, and that is Jasmine Garvin, who is sitting right in the back. Today was her first day. So she's a champ. She was part of the girl's crew team that won a state championship. She also was 9th in her class, which is a big accomplishment. And she will be attending the New York Conservatory for Dramatic Arts in the fall. So she's going to be working we've already got an assignment going today. She's going to be helping coordinating some meetings that we're going to start to have with the school district on safety and security, which we've talked about, and she's going to working on that. And also see her working on some of the outreach on the YMCA initiatives as well.

We had bike New York this weekend, over twenty 2500 bicyclists were here again. I think this is at least the 4th year, maybe the 5th year that we've had that went off without a hitch. A little bit of rain but everything went well and the park was in good shape for them to launch from.

Official Minutes of the Common Council Meeting of July 1, 2019

Also just a brief update on our municipal I.D. program. So we started that about a month ago, but I think we've only really had probably 8 days of actual I.D. operations where our employee Ingrid Sanchez, who is our bilingual employee, and we have done close to 300 I.D.s already, which is really which is which is great. And what we're going to do. We were doing it 2 days a week. We're now going to go 3 days a week through August, to accommodate them.

We're working on our First Friday and Fourth of July celebrations, prepping the park again. The good thing is we've been working on it every other weekend for events, so it's in really good shape. I was there today but the team, DPW from parks and trees, are working over at Eastman to prep that for Friday night's, First Friday event there, which really is going to be good there is going to be a softball game between the Police and Fire departments. I think it takes place at 6:00 at Stizel. And we're looking forward to that as well

There was some question about the accident on the arterial highway. There was no city of Poughkeepsie police involvement in that accident. My understanding is the reason that the State Police are handling the accident investigation, that's what the sheriff's office requested them to come in and investigate that. As far as some of the other things, I don't I don't know anything else about that.

We hired two new police officers today. Both were transfers. So again retention program is paying off and I want to thank the council for agreeing to that in July. So now we are at 91 officers out of 92, and that's that that's also been very good because helping us with our staffing on the street.

So just I'll end with, as most of you know we had retirements that have been taking place over the past week. And 10 employees have retired, with 325 years of experience, Department of Public Works, some here in City Hall and some downstairs in the PD. These were all CSEA employees who retired.

There was also a statement about the accountability aspect of procedural justice. Our Director of Community Engagement, along with Lieutenant Sean McCarthy and Lieutenant Zeltman are working on the committee, as we speak and there'll be more information coming out about that. I think that is my report tonight.

VIII. MOTIONS AND RESOLUTIONS:

- 1. A motion was made by Councilmember Randall Johnson and seconded by Councilmember Flowers to receive and print.**

**R-E-S-O-L-U-T-I-O-N
(R19-56)**

INTRODUCED BY COUNCILMEMBER SALEM

WHEREAS, the City of Poughkeepsie has received several requests to support and endorse applications of several Not-for-Profit organization under the Consolidated Funding Application (CFA) in addition to its own applications; and

WHEREAS, the City of Poughkeepsie has reviewed these request in conjunction with its overall goal of advancing its Comprehensive Plan, Main Street Economic Development Strategy, Waterfront Revitalization Strategy and increasing the sustainability of its community resources needed to support such strategies; and

WHEREAS, the City of Poughkeepsie is committed to advancing its economic development strategy through ongoing collaboration with other governmental units and private partners; and

WHEREAS, an important component of any economic development strategy is the simultaneous strengthening of the City's Not-for-Profit organizations that provide the local economy with public goods that generate positive externalities; and

WHEREAS, the Common Council of the City of Poughkeepsie is desirous of lending its support and endorsement to applicants that have been deemed to support its underlying mission; and

NOW, THEREFORE,

BE IT RESOLVED, that the Mayor and the Common Council of the City of Poughkeepsie wholeheartedly support and endorse the following applications under the Consolidated Funding Application (CFA) and make a finding that such applications advance the city's approved economic development strategies:

1. Family Services, Inc. – New York State Homes and Community Renewal NY Main Street Anchor Program for the renovation to the theater and gymnasium including improvements to seats and lighting, replacing windows and other upgrades needed to sustain and expand community programing.
2. Barrett Arts Center – New York State Council on the Arts Workforce Investment Program to hire a new, part-time Programs Manager (grant period: two years) to provide leadership and coordination for BAC exhibitions, education and public programs.
3. Barrett Arts Center – Office of Parks, Recreation and Historic Preservation Environmental Protection Fund (EPF) to address critical preservation and accessibility issues at Barrett House. Roof restoration and fire safety improvements will stabilize the building; a historically sensitive accessibility ramp will improve community access to our 1840s triple-landmark brick townhouse, art exhibitions, archives, and public programs.
4. Fall Kill Creative Works – New York State Council on the Arts Workforce Investment Program. Fall Kill Creative Works, fka Mid-Hudson Heritage Center, has run programs on Main Street since 2010 using primarily volunteer help. Currently, Fall Kill Creative Works has a core staff of 3 part-time employees. Funds from the CFA will be used to move at least one staff member to full-time status.

Official Minutes of the Common Council Meeting of July 1, 2019

5. Mid-Hudson Children's Museum – Empire State Development Market New York Program Tourism Capital tract. MHCM seeks funding to support ongoing expansion plans for the museum.
6. Walkway Over the Hudson – New York State Office of Parks, Recreation and Historic Preservation for the West Side Parking and Accessibility Improvement Project, which will enhance and improve accessibility to the Hudson valley Rail Trail, the Walkway Over the Hudson and the Empire State Trail.
7. Walkway Over the Hudson – New York State Office of Parks, Recreation and Historic Preservation for the Lighting the Walkway project, which will fund lighting to the walkway and structure of the pedestrian bridge.
8. City of Poughkeepsie – Office of Parks, Recreation and Historic Preservation for Fall Kill Creek Project. Project will entail planning and feasibility of trail and physical improvements to Malcolm X Park.
9. City of Poughkeepsie – Empire State Development Market New York Program to support ongoing branding and marketing efforts related to PKGO.

BE IT FURTHER RESOLVED, that the Mayor is and hereby shall do all things necessary to give effect to the resolution including but not limited signing any document needed for submission or acceptance.

INTRODUCED BY COUNCILMEMBER SALEM

WHEREAS, the City of Poughkeepsie hereby requests financial assistance from the New York State Climate Smart Communities Grant Program pursuant to Environmental Conservation Law Article 54 Title 15.

WHEREAS, the City of Poughkeepsie certifies that, pursuant to the requirements of Environmental Conservation Law Article 54 Title 15, \$100,000.00 of matching funds will be budgeted and appropriated in the city's general fund as part of the 2020 Budget.

NOW, THEREFORE,

BE IT RESOLVED, that the City of Poughkeepsie hereby authorizes Planning Director Natalie Quinn, an official or employee, to act on its behalf in submittal of an application through the Consolidated Funding Application for \$100,000.00, to be used for the City of Poughkeepsie Comprehensive Plan and city-wide zoning code update project.

BE IT FURTHER RESOLVED, that the Mayor is and hereby shall do all things necessary to give effect to the resolution including but not limited signing any document needed for submission or acceptance.

R- E- S- O- L- U- T- I- O- N
(R19-58)

INTRODUCED BY CHAIRWOMAN FINNEY:

WHEREAS, addiction to and abuse of opioids is one of the greatest challenges facing the City of Poughkeepsie not unlike other urban areas through the country; and

WHEREAS, a cause of this increasing crisis is the overabundance of prescription opioids. Vast amounts of prescription opioids were sold, distributed and prescribed in the City of Poughkeepsie over the past several years, a practice that continues today; and

WHEREAS, the selling distribution and prescribing of large amounts of opioids in the City has created a public health and safety hazard affecting the residents of the City. The crisis has devastated families, wreaked havoc on our economy, cost the City hundreds of thousands of dollars and produced a generation of narcotic dependence.

WHEREAS, as a result of the opioid epidemic, cost related to healthcare, family and social services, criminal justice, addiction and rehabilitation, and many other areas have significantly increased with many of these costs being paid by the CITY; and

WHEREAS, the purpose and intent of this legislation is to allow the City of Poughkeepsie to recover these costs, despite the existence of the common-law municipal cost recovery rule and declare the opioid epidemic and its effects on the City a public nuisance; and

WHEREAS, specifically, the City provides services related to the opioid epidemic, which are funded by tax revenues. This legislation clarifies that reimbursement may be sought for the costs of providing such services, whenever practicable, from the responsible party. To accomplish this, the City establishes this cost recovery procedure and declares the opioid epidemic and its effects on the City a public nuisance.

WHEREAS, pursuant to 6 NYCRR Section 617.5 (Title 6 of the New York Code of Rules and Regulations) under the State Environmental Quality Review Act (SEQR) provides that certain actions identified in subdivision (c) of that section are not subject to environmental review under the Environmental Conservation Law; and

NOW, THEREFORE,

BE IT RESOLVED, that the Common Council hereby adopts the City “**OPIOID COST RECOVERY AND PUBLIC NUISANCE LEGISLATION**” as follows:

CITY OF POUGHKEEPSIE OPIOID COST RECOVERY AND PUBLIC NUISANCE LEGISLATION

1. Definitions.
 - a. Costs: means all expenditures related to the opioid epidemic that directly or indirectly arise from the City of Poughkeepsie’s response to a responsible party’s action or inaction.
 - b. Responsible Party: means any person or corporation whose negligence, intentional, or otherwise wrongful conduct causes the incident resulting in the City incurring costs or who is found liable or made responsible by a court for the costs incurred by the City in the form of damages, regardless of the cause of the action.
2. Governmental function cost recovery.

The City of Poughkeepsie may recover the costs of governmental functions related to opioids marketed, sold, manufactured, dispensed, prescribed, and/or distributed by the Responsible party. If a Responsible Party fails to pay the costs demanded, the City may initiate and recover costs through administrative, civil, and/or criminal action against the Responsible Party. In that case, the City may also recover attorney's fees, interest, and any other payment or type of damages the court deems proper.

3. Effect of criminal or civil proceedings on governmental function cost recovery.

The initiation of administrative or civil proceedings for governmental function cost recovery does not bar the criminal prosecution of a responsible party for any associated violation. Similarly, criminal prosecution does not bar civil collection of costs for the violation giving rise to the criminal prosecution.

4. The City of Poughkeepsie finds and declares the following:

- a. That addiction to and abuse of opioids is one of the greatest challenges facing the City;
- b. A cause of this increasing crisis is the overabundance of prescription opioids. Vast amounts of prescription opioid pain pills were sold, distributed and prescribed in the City over the past several years which practice continues today;
- c. There is evidence showing that approximately four in five heroin users began their addiction by first using and then misusing prescription pain medications containing opioids;
- d. The Selling, distributing, and prescribing of large amounts of opioid pain pills in the City of Poughkeepsie has created a public health and safety hazard affecting the residents of the City, resulting in devastation to City families, a negative effect on the City's economy, wasted public resources, and a generation of narcotic dependence;
- e. That selling, distributing, and prescribing of prescription opioid pain pills is a hazard to public health and safety, which has created a public nuisance to the residents of the City of Poughkeepsie, and said nuisance remains unabated;
- f. That, in addition to all other powers and duties now conferred by law upon the City of Poughkeepsie, the City is authorized to enact legislation, issue orders, and take other appropriate and necessary actions for the elimination of hazards to public health and safety and to abate or cause to be abated anything which the Common Council determines to be a public nuisance;
- g. That manufacturers of prescription opioids and those in the chain of distribution have wrongfully abused the privilege of selling and/or providing medication to our residents and must be held accountable; and
- h. That it is the duty of the City of Poughkeepsie to vindicate the rights of the residents of the City of Poughkeepsie and take action to abate this public nuisance.

5. Retroactive application

Official Minutes of the Common Council Meeting of July 1, 2019

This legislation applies retroactively.

SECONDED BY COUNCILMEMBER RANDALL JOHNSON

**R-E-S-O-L-U-T-I-O-N
(R-19- 60)**

INTRODUCED BY COUNCILMEMBER FINNEY

WHEREAS, the Commissioner of Finance has reported that several 2019 budget revenue lines are projected to be higher than anticipated; and

WHEREAS, the Commissioner of Finance also reported that there are several unexpected expenses that were not funded in the 2019 budget; and

WHEREAS, the Administration is desirous re-allocated some of the unanticipated revenues to the appropriate budget lines in order to pay such obligations; and

WHEREAS, approval of this resolution will not result in a funding increase to the 2019 Budget for the City of Poughkeepsie, but it is necessary to transfer the funds to the appropriate budget lines; and

WHEREAS, the Common Council of the City of Poughkeepsie has determined that this resolution constitutes a Type II action as defined by the New York State Environmental Quality review Act and 6 NYCRR Part 617; and

Now, Therefore,

BE IT FURTHER RESOLVED, that the Budget for the City of Poughkeepsie is hereby amended as follows:

GENERAL FUND

Official Minutes of the Common Council Meeting of July 1, 2019
